Leon I am going to miss you so much. It was such a blessing to have got to know you for the time I did. I will never forget all our child hood memories and laughs together. All the times in school we were in every class together through elementary school. Those were some good times for sure. All them girls in school loved your eyes Lol. It's definitely going to be different but you will always be missed and loved dearly. You always had a smile No matter what was on your mind. You always could make someone smile and laugh. I'm sorry your time was finished on earth but may you have eternal life in the gates of heaven. R.I.P Leon I love you see you again one day buddy. Forever you will live in our hearts 💕
