“ Adam, I'll always be grateful to you for taking me under your wing when I first joined LM – you were exceptional at your job and people knew it. We shared a lot of good memories during our time together. I still laugh about the time our golf cart ran out of juice about 500 yards from Building 15, it started pouring rain and we were saved by a guy in a riding lawn mower who pushed us back the rest of the way – we looked like idiots but thought it was hilarious. I'll miss you, brother. My condolences to your family.
