“ Before the night ends, I want to wish this Beautiful Angel a Happy Heavenly Birthday!!!

*Baby Bianna, how I miss you so much.*

*I write to you all the time... there's not a single day that goes by where you're not on my mind.*

*My heart aches knowing I can't buy you birthday presents anymore, or see your sweet smile light up the room.*

*I miss hearing your beautiful voice, the way you'd laugh so freely, so silly—just being you.*

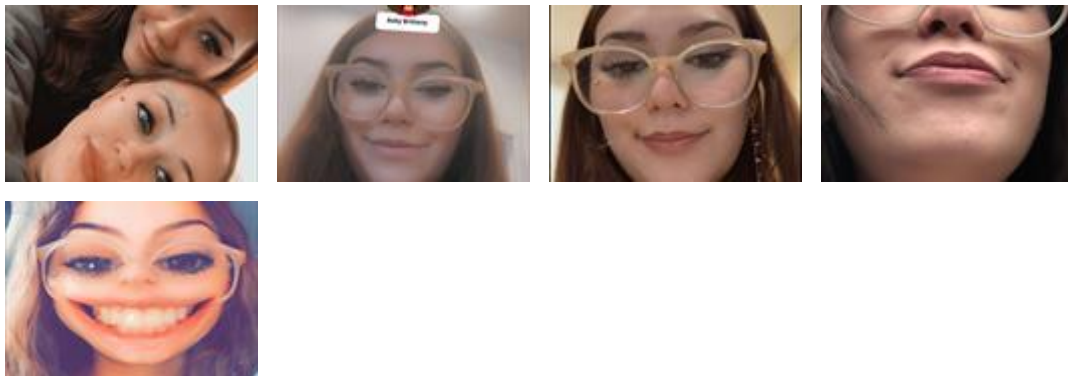

*I miss all the crazy, funny pictures you used to send me... the joy and light you brought into every moment.*

*I go through our pictures and videos all the time, just to feel a little closer to you.*

*You were truly a beautiful soul with a heart of gold—so pure, so full of love.*

*Heaven gained the most precious angel, and although you're no longer here in my arms, you'll always live in my heart.*

*Happy Heavenly Birthday, my sweet girl. I love you always.*

“ i wish i could turn back time about ten years, i dont think my brain will let me accept it. i dream of you almost every night, i still text you, i keep thinking one day you will call my phone and tell me this was all a nightmare, i will never understand why the world wasnt always on your side. i love you bri. you will always be my bestfriend and i will always regret not being able to say goodbye. i will miss you longer than i got to know you and that kills me. i think of you every time summertime sadness comes on for reasons only you would ever understand, its gutwrenching i never thought i would have to relate to the meaning. i promise you will live in my heart forever and for as long as i can i will keep your memory alive. thank you for all the love you gave me, i will endure a lifetime of pain and suffering from the privilege of knowing and loving you. and i think i'll miss you forever, like the stars miss the sun in the morning sky.  
love always, destiny

Like you were next to me still even though it's been awhile. Now you're with a Guy whose perfect and will wipe any sorrow and tear from your beautiful face and you will be happier than you ever thought and finally have the only being worthy enough at your side forever. A big chunk of me died with you. I won't ever get it back you were a once in a lifetime thing that came my way and I totally blew it and it will haunt me for my remaining time on this planet.
