*Dear Salo, Lori, Joshua and Desiree, I am so sorry for your loss. Every time I saw Caleb he had a smile on his face. He radiated happiness and I am sure it was because he was blessed with a beautiful family and strong relationship with his Lord and Savior. I know we cannot understand why God has called him so early, but I hope you can find peace knowing he is with his heavenly Father. We will miss his earthly body for sure, but he now lives and flies with the angels. He is now your guardian angel. He is loved and at peace. My prayers and love are with you! God bless you!*

“ I do not even know where to begin. We were so fortunate to be apart of the Baca family through 4H. We spent countless times in their home, out on the Mesa shooting with Salo, Caleb, Desiree and Joshua. One of my greatest memories is the time driving up to Raton with the family. Caleb made us laugh so much. I know that he is in a beautiful place and the hard part is for all of us here who suffer without him. Lori and Salo know one can know what you are feeling right now. The loss of a child is unbearable. Josh and Desiree my heart goes out to you. We will continue to lift all of you up in prayer.

“ Big brother, I love you. Always protecting me and I you! We shared everything together. I'm going to miss our late night talks about everything and anything all at the same time. If you and I were in the same house we were bound to stay talking till all hours of the night. I will miss that companionship. I will miss laughing and making fun with each other. . I could make u laugh and God knows you cracked me up! I will miss our horse rides, and our horse races (before life got to busy)! I will miss telling each other what to do. . Thank you for loving Brielle, she loves you and she will miss seeing your face. I will tell her all about you she will know you as well as I do, this I promise. Thank you for being you, you were my best friend and were so much a part of my life that you will never leave it. thank for being one of the best brothers a little girl could ask for and turning into her best friend. Your famous words play over and over in my head constantly, "don't worry little sis, you still got me and josh" and "don't worry little sis, I got you" I loved hearing those words, you knew how to make my hard day and stress go away and it always worked when you said that and put your arm around me. .. you have know idea how much I will miss hearing that. I feel comforted that you are with our Lord and he loves you more than I do. . you know no pain or hurt and I'm so happy that you are with him In the best place there is. . I will see you again and we will laugh and rejoice and love. . I love you big brother more than any words could ever describe, and I will miss you with all my heart.  
Love your little sis
