“ Daniel our Brother , its almost been 2 weeks now since you went to heaven .. its been hard to know as the time passes by we wont get phone calls from you or see u and joke around. Were getting things ready for the hunting trip an everywhere we turn something reminds us of you,, you should of been here right along with us to get ready for this ! I know youll be with us in spirit but its not the same ! The kids have been talking about you and some times tears come , but they all say your in a better place and they just remember all the good times we have had with you... we love you bro , ray and i miss you , were trying to get through this rut without you being here , but we will live life for you , where we go youll be along for the ride! hope your having a great time up there with your dad!!

Till we meet again D,

Love you

“ Daniel I will never forget the day I finally got to meet you and Domacio (My Little Brothers). That was a day that changed my life. Over the years we kept in touch as best we could, but the older we got the more we communicated. Even though I lived in Texas and couldn't be closer we still had a relationship. I will always cherish the conversations we had and I will miss them as well. You will always be on my mind and in my heart, I will love you always.....Rest in peace little bro!!!!
