“ So sad to hear about my friend Davids passing. When we were in our teens, he got me my first job working construction. He had a great sense of humor and always there to offer a helping hand. I will miss him. Condolences to the family.

“ David we are all so saddened by your passing. You were a special member of our family and so loved by all. Thank you for being such a good brother in law and so good to our mom and our brother Tommy. I always appreciated how good you were to him and remember how we all got together to go visit him.

You were such a hard worker and your yard was so well kept. Charles always got a kick out of how many bags of leaves you filled when cleaning up in the fall.

It's hard to believe you and Dinah are no longer with us. You were so sad without her when she passed because you missed her so much. You both loved family gatherings and they will never be the same without the two of you. We know we will see you both again some day because you are in the arms of Jesus so until we meet again, love and miss you both!

“ *Dave what can I say...just 8 months after losing my mom God called you home too. My heart hurts for your hurt that you felt since she left. Watching you miss her broke my heart even more. So many times I wished I knew how to comfort you because I knew you were in pain. So often times we just sat side by side. No words but still knowing the heartache we were both feeling. I wish so much I could go back to the days where we were all still here together and would cook food, and, eat, and laugh, and enjoy! My kids loved you so very much. What a wonderful papa you always were to them. You were always good to me too. And Cory. You two had a special bond and he was happy to be able to be there for you too. He made it a mission to make sure that you knew you were not alone. My heart is in a million pieces. Loss is so hard but it's part of life and all in Gods plan. May you rest in peace. I love you so much.*
