“ *Oh my Gary, how I miss you terribly! You found me when I was in my 20's and proposed to me when we were living together. Until the very end we still talked about getting back together and shared so much love. What would it have been like if our child would have survived and we would have been together as a family? I miss you so much, but we will be together again. Until then my love Rest In Paradise ✨*

“ *Debby and Daryl so sorry for your loss. Gary was my first love. I have great memories of our time together. Loved running around in his green Roadrunner, I would be driving and him in the back seat. Going down Central guys would want to race but I didn't. He just laughed.
RIP my friend.*

“ *Rest in Peace Uncle Gary. I'll miss making you your very own pumpkin pie each year for Thanksgiving and Christmas. You will be dearly missed but I have so many fond memories of you that I will hold onto. I can still hear your voice and so many of the funny things you'd say. Give grandma Lucy a big hug and kiss for me! Love you!*
