“ Dear Hope and Bradley,
I feel blessed to have had the opportunity to meet you while Hailey was at UNMH. The love you showed Hailey was without bounds. Your openness toward us, allowing us to see your vulnerability and pain, was such a gift. Hailey and you both reminded me how powerful the human spirit is when there is love in our hearts. I will always be grateful to Hailey for that.

Sincerely,
Jen Barol (social work)

Hope Cooksey - December 15, 2014 at 10:12 AM

“ Hello everyone,

It is with great heartache and sorrow, that we announce the passing of our beautiful daughter, Hailey Mae Cooksey. Hailey passed away peacefully, in our arms, Thursday morning. We are deeply saddened by this unspeakable loss, to the point that words cannot describe the pain we have felt in our hearts and mind.

But with these negative emotions that have surrounded our tragedy; we have experienced more love and support than one knew existed in humanity. We have been absolutely overwhelmed with the unselfish acts and the constant outpouring of love from everyone. The meals, texts, voicemails, and most importantly, the prayers; have kept us going and given us the strength to persevere. We read and sometimes re-read every message we received. Please know that we took each word to heart and were truly taken back by the support of our friends family, and community.

So, with that being said, we have decided to not sit around and grieve; but to celebrate our Hailey's life. To celebrate her impact on not only our lives, but the lives of everyone around her and around us. Who knew that such a tiny little girl could have such a profound effect on everyone's life, in such little time on this Earth. We are grateful to everyone, for everything they have done for us. Please do not shed a tear for the loss of Hailey, but shed a smile for the light she brought to us. We know in our hearts, that her spirit will come back to us and we will wait with open arms.

We love you all and thank you for everything that has been done for us. We will never forget those who were there for us during these difficult times. We look forward to sharing our story of the last six weeks of our life; in more of a personal, face to face setting with everyone, as time goes on. There aren't enough hours in the day for us to type our story, as it is a story of tragedy, triumph and miracles.

*Love,
Brad & Hope*
