“ Herbert we shared some awesome times as little kids playing baseball in Bosque Farms and Valencia Little League. Football was also great in YAFL and High School, go Tigers! After graduation we all went our separate ways and ran into each other as time continued to tick. I remember when I met you in a highway construction meeting (had not seen you in 15 years) when you were a Superintendent for DMC working on Cerrillos Road in Santa Fe. Everyone was calling you "Johnson" at the time, and I looked over and said it's "Herbert Johnson" and we talked a little about the old times and laughed. You had mentioned that you were getting into a hockey league with your son and hockey was moving in a positive direction in Albuquerque. Man it kind of hit home when I heard about your passing. We tore it up in the old days and I will never forgot those times. May God Bless you, your family, and parents.

“ Johnson, there is a reason you walked into my sisters life all those years ago. The two of you had a love that others only dream of. You were hers and Cory's rock. You have to know how much we all love you. MY only hope IS that one day we meet again my friend. I still had so much that I never got to say to you or thank you for everything you and Kel did for me and my boys.

Thank you for always listening and never judging. Thank you for being there for our family because you wanted to not because you had to. Mom and dad adored you!

We all love you and our hearts are broken.

Cade & Dylan thought you were the Coolest person in our family(next to me of course) ! Lexi still thinks of her first Christmas with our family and the cool clothes you and Kel got her, she thought she was the sh** walking into pre-school. I wish they all hung out with you more. They brag on you all the time and would always make sure they didn't have anything stupid on when they saw you so you wouldn't bust on them. 🤔 We were looking forward to Cali this summer, it was going to be a family vacation for the ages!

Johnson losing you hit us all like slamming into a brick wall & how do we just go on with our lives when one of us is missing?

I love you brother..... until we meet again ... ❤️ Johey you forgot your Jerusalem Cruisers ❤️

Being there for all of us when we lost our parents.

AWESOME UNCLE

Being a great role model for my kids

Taking them to baseball and hockey games.

Attending wrestling matches, baseball, football, volleyball games and gymnastics and being their biggest fan.
