“ *I learned so much from you uncle Ike and every moment spent was cherished. I took note of your kindness, patience, and humility...I thought to myself, wow, now this is someone to look up to. I loved visiting as a kid growing up, you saw me graduate, we talked bikes and fitness, NASA, life, and much more. I wish I had even more time with you my dear uncle. Thank you for the impact you had on my life. I love you. Until next time...*
