

James Jaramillo

November 14, 1967 - October 12, 2021

1967-2021

James Jaramillo, age 53, of Los Lunas, NM, went to be with our Heavenly Father on October 12, 2021. He was a strong man and his faith was stronger. James was loved and respected by many because of his humor, character and huge heart. He was a proud Papa to his grandkids. James enjoyed “smokin” BBQ and was a huge Dallas Cowboy fan. He proudly served in the U.S. Army, worked 26 dedicated years at ARA on Kirtland Air Force Base. James is preceded in death by his grandparents, John and Jennie Briones and Ray and Romona Jaramillo; father-in-law, Patrick Garcia. He is survived by his loving wife of 21 years, Tanya Jaramillo; children, Dustin, Brandon and Austin Jaramillo; grandkids, Colton and Kimber Jaramillo; mother, Mary Jaramillo; father, Nash (Jackie) Jaramillo; sisters, Debbie Sanchez, Connie (Vince) Garcia; mother-in-law, Margaret Garcia; brother-in-law, Robert (Sarah) Trujillo and many loving nieces, nephews, God kids, cousins and family. Services will be held on Friday, November 5, 2021, at Our Lady of Belen Catholic Church, beginning with a visitation at 9:00 AM and a Funeral Mass at 10:00 AM. Interment will take place at Santa Fe National Cemetery at a later date. Please sign James’s online tribute at www.romerofuneralhomenm.com Romero Funeral Home, 609 N. Main St., Belen, NM

“ I just learned of James' passing. My condolences to the family. He was an trusted member of my explosive pulsed power team at the Air Force Research Laboratory. In addition to his technical expertise, he was always delightful to be around out on the range.

“ Hello Jaramillo family and friends. We are Ernesto and Beverly Hernandez and we met James and Tonya when we both lived in Cypress Gardens in Los Lunas around 2013. We met because I saw James riding a motorcycle. I am a rider too. As we all know, you talk to James once and you have a friend forever. We loved riding with James (Bambam as we knew him) and Tonya (Pebbles as we knew her.) We moved to San Antonio, TX in 2017 but we stayed in touch. He always talked about visiting. Please enjoy the pics of James doing one of many things he enjoyed in life. Our prayers continue for Tonya and all the Jaramillo family. Ernesto and Beverly

“ I first met James at a safety class in 1998-99 in Socorro and ended up being his supplier to his job for the past 21 years. Every now and then he would call asking for product. I always knew it was him (before caller id) because he always started out the conversation calling me "Hollywood" a nickname he gave me on the first day of class. We would talk about product and share family stories. So personable and happy. Going to miss him. I am sorry for your loss.

“ My condolences to James’ family. I worked with James for several years. Most recently, James was instrumental in helping conduct a complicated test to a successful completion. James’ technical expertise, attention to detail, teamwork, and dedication played a major factor. James was a true New Mexican, always giving and taking “carria”, (Spanish slang referring to friendly bantering, New Mexico style) making our job fun. James and I always talked about two things, BBQ and hunting. In every conversation since James’ passing, it always ends with, James was a good man. God bless you all during these difficult times.

“ I am very sorry to hear that James has moved on. My heart goes out to his wife and children and to everyone else who thought of James as family or a friend... I worked along side James for many years, and came to know him for his playful and sometimes snarky side. I was also present during many of his stone-cold serious moments. It was always a comfort knowing that James was completely in control of the situation and taking in all the details of what was going on around him. I was also lucky to have experienced his cooking on a few occasions! I know that he will be missed by many, and I am truly bummed out to see him leave us so soon. Godspeed James! Jeff Donohoe

“ James was one of the most resourceful and knowledgeable technical staff I've had the pleasure of working with during my carrier. He was easy to talk to, quick to understand the needs, and even quicker to develop solutions for problems in hand. He talked about his love for his family, which gave me joy to see that someone like James who was so deeply involved in technical matters was still maintaining such commendable priorities in life. James will be missed greatly by everyone who knew him and I wish his family the strength to deal with his sudden loss.

“ Not a day goes by, where I walk past James's office, and I don't get a heavy heart. He brought so much life and joy to this building. Even on the bad days, we all were able to laugh about it because of the levity James brought to work everyday. His drive and passion with our profession made an example for us to constantly try to achieve.

More than that though, James was a good friend. My prayers have been and will continue to be with you and his boys.
