“ It's taken me a while to be able to write something jeff. You were a father to me for the most crucial years of my life. You helped me with my math homework. Taught me how to drive in the orange and cream truck. Helped me get my first job in high school. Made me dream come true as a foreign exchange student. Rest in heaven. Truly grateful we were able to speak on the phone recently, before you passed. 🙏

“ *Jeff was one of the first people I met back in the 70's when my family moved to Belen. He was kind, funny and witty. I basically grew up with Jeff. He was my friend. Jeff was fun. Just hanging out, spending time together, and being teenagers, Jeff wasn't afraid to take the heat when we got into trouble. Jeff was respectful toward me and my family. I have great memories of Jeff and am thankful to have had him in my life. I pray for his family and friends and my hope is that they hold onto the good memories.*

“ Jeff was that one person you could always count no matter what time it was you could call him and he would show up to help whether he knew you or not most of the time thanks was payment enough. Most of us were broke any ways. He once told me he had never had a job and would some day like to get one. He would say this as he was fixing a radiator or working on somebody's engine or replacing brakes I would tell what are you doing now . Oh this is not a job I am just having fun. He would stay working until he got it done funny guy. That's just a little of why he was my friend. Rlp Jeff already miss you. Enjoy your journey.

“ I love and miss Jeff so much, words are just not enough. I'm very grateful to have had him as my favorite Uncle! I find peace knowing he is no longer suffering. He prayed to God for him to either take the pain away or take him home to heaven. God took him home and for that I'm relieved. I'm so glad he was able to meet his great neice, Ava Abeyta. Until we meet again...
