“ *Condolences to Jen's friends and family. While I did not know Jen for very long, I was instantly drawn to her kindness. She seemed like such a nice person, taken far too soon from this world. May she be a blessing in her memory.*

“ *Deepest condolences to JD & Johnathan. I've know this beautiful soul since birth and she was a beautiful baby. She was a hard worker and I gave her the nickname "Sunshine." I looked forward to going in to work when she was there. She brought so much joy and laughter that if you were down she would make it a point to make you better. I'm going to miss my Sunshine, but I will always have the memories and all the joy she brought with her infectious laugh and smile. May you rest in peace my Sunshine you will be greatly missed but never forgotten.*
