“ Rarely does a person come along like, "Doro." Such kindness and empathy for us all. I feel blessed to have known him and a little sad that he was chosen as an angel in our Fathers heaven. I would have liked to have him here longer. Selfish, yes . Thank you to his family and to God our Father for sharing him these years. Love, thoughts and prayers to his family, always. With purpose and warmth,

“ I just learned of Doro's passing today & I was so surprised. I saw Rosie on the 13th. and asked about him. Doro was a very special part of my life for a couple of years back in the 90's. He was a kind & generous man and will be missed. I would run into him occasionally at WalMart & he was always smiling. Rest in Peace my friend. My condolences to his family.

“ Remembering Doro from our youth at Barstow High School. Several times, he escorted me to my aunt's house on Lillian Drive after school - ON FOOT! (All previously arranged by our moms, Toni and Adela.) Simple times, happy days, peaceful times. Until we meet again - wishing you Godspeed. Marge (Sisneros) Lewis

“ *Hey Dad, this is your son Thomas. I wanted to say that you are going to missed very much and there are so many people that love you. I am going to miss all those talks we had about inventions and how things worked and the history of things. But then again I know all I got to do is think on what you would say if I see something you would appreciate. Then our conversations will never end and I know what you would do too. I love you Dad.*
