“ Julio was my best friend off all time to the point we considered each other brothers and introduced ourselves as such, he had a kind heart and was always willing to help anyone that he could weather he knew you or not, I met Julio when I needed a jump he offered I left my wallet in his car on accident containing a lot of money he later called me and we met up again at first I was expecting just the return of my wallet but to my surprise everything and all the money was there, I was shocked and over taken by his humility and honesty we have been friends ever since then, im going to miss him dearly and treasure gifts and things he has given to me over the years, I love you brother and I am going to miss you so much, always Darrell McGowan

Julio came into my life like an Angel sent to me from heaven. I was living in a motel for a year and a half and I like Julio helped everyone in need. I ran into a situation where I had to get out of my room for 2 weeks and before that I fell off the sidewalk with my walker and broke my pelvic in 3 places and also broke me arm so not having nowhere to go I moved some of my belongings and my dogs into area that used to be where the dumpster used to be. While staying there one early morning I heard a voice of a young man (An Angel) in my eye spoke in the softest voice he said "mam I'm not trying to hurt you but I noticed you sitting here for the last two days and noticed that you can't walk,. Is there anything I can do to help you? Are you hungry I brought you something to eat.". I was so choked up my his generosity and kindness that I started crying and he moved towards me and put his arms around me and said don't cry. It was then that I fell in love with him not in a perverted way but like a son. My son at the time was locked up or he would have been there helping me so basically I took him under my wing and from then on I considered him my street son. . . I love my miss Julio very much no words could explain the amount of love that I had and still have for this young man Julio you will be greatly missed and I could never thank you for coming into my life and saving my life if weren't for you who knows what would have happened to. God sent and Angel to watch over me I will miss you Always. Love you from the bottom of my heard. And may Jesus put a comforting han over his family he loved and spoke very highly of all of you and I feel very blessed to have met you
