“ My Dear Uncle. I will miss you more than anyone will know. The only comfort I have is you are no longer suffering and in a much better place than us. Knowing you are with my Mom brings me comfort as she loved you so very much! You were not only my Uncle but such a great friend to me. You always made me smile and laugh whether at our lunch meetings, on the phone, or especially when we danced. I miss and love you! May you rest peacefully with God for eternity.

“ *My dearest friend and partner, I will miss you dearly and I will forever cherish the good memories we had through-out our many years of rough and bumpy roads, We managed to survive some of those rough and bumpy roads, but when the nasty disease started to slowly take you away from me, I felt helpless as you faded away right before my very eyes. I could never imagine how you felt or what you may of been thinking as you lay there day after day just waiting for the day when our dear lord up above comes to take you home. As your body got weaker and your time with me was over, you still didn't want to let go, but unfortunately, we don't have that choice and our dear Lord up above reached down and took you away. Rest in peace my love as God now has you his arms, I will forever have you in my heart.*
