“ *I met Keith and Linda when I was just a little girl when they had the dairy. My parents became close friends with them to this day. Linda was such a beautiful person. From our lake trips to having dinners together. So many memories shared. Through all this pain she's suffered she always stayed strong. I always called myself their daughter because we had so much shared time together. Though it is such a loss she is no longer with us, her amazing strength and passion is forever instilled in each one of us. She'll be missed tremendously. She no longer is in pain and the lord is embracing her with his grace. Love you always Linda ❤️*

“ I will always remember Linda as such a lively woman who loved her family very much. Keith, her boys, and her grandchildren were her world and she would always make her home a haven to welcome family and friends. She loved to decorate for the holidays and she was good at it. Her grandchildren loved their weekends at "Nana and Papa's" because they were always so fun to hangout with and had the best snacks. Her grandchildren loved her because she truly loved them and enjoyed spending time with them, getting to know them all in various stages of life. She had always welcomed me as part of the family and always seemed happy to see me. I remember us bonding over watching "I Love Lucy" or classic old movies and our love of dark chocolate. Linda was such a beautiful woman inside and out and no words could possibly express how much we love her and will miss her. Though we all will be mourning at our loss of her, at least heaven can rejoice that she is no longer in pain and is now being comforted in the loving arms of our Lord and Savior Jesus Christ.

“ My favorite memories of Linda aren't necessarily anything specific, but geared more towards the qualities I super admired in her. She was so many things, all at once, strong, and silly, and sarcastic, and effortlessly perfect, beautiful in her own skin, always ready for an adventure. She was a once in a lifetime firecracker of a human who understood what we all needed, and just knew the right thing to say, all of the time. Thank you for being the best Nana to our kids, they are better for knowing you and having you to love. I am so sad, completely, but I am so glad you are not hurting anymore. Your boys will be ok. I promise you that. And we'll see you soon.

“ Aunt Linda I can't tell you,how much you will be missed. My most cherish memory of you was telling me all about your collection of cows in your kitchen when I was younger during a Thanksgiving event. How I have been longing to have collection that big. Haha. It's been one of my future kitchen decor goals ever since then..Even though our time together was usually cut short simple due to the distance growing up and your grand nieces and nephews growing up. Know that my love has always been strong and will continue to stay strong until we see each other again in heaven. Until then I love you and enjoy the walk and ever lasting with life with Jesus the rest of our family members. ❤️

“ Linda I can't tell you how much you will be missed. I'll always remember making Christmas cookies together along with the mess that came with it. And the fun we had watching and cheering our teams at football games on television. That was alot of fun way back then.

You will always be in our hearts. especially around the holidays. They won't be the same without you. The more I got to know you over the years the more you came to being my sister. I feel privileged to have known you.

You will always be loved and cherished.
