“ My Son, You have no idea just how much of an impact you have left behind. There was still so much more to hito...I still had so much more to say to you. We never realuze just how short life is and we always take for granted that tomorrow will be there. I have learned realky fast from your departure that we are never guaranteed a tomorrow and how important it is to tell the ones you love just how much they mean to you evety chance you get. Honey you and you alone know how much I love you. Our talks when alone were heavy and deep. I can never forgive myself for allowing the things I did ehen you were young. I guess I thought I was doing right onky to findout now just how wrong I was. I love you sweetheart...No one could ever hug me like you hugged me. You meant it and it was pure love. You were solid and true n loyal to what an whom you loved and I loved that about you. Marcos Ray , My heart is forever broken and never ever will be whole again. For it is God will and I myst believe an gave faith that our Lord had greater plans for you. Your job here is done so now you sleep with the angels and fly high with them as well. Wstch over us down here just as you did when you where here with us. Make our spots all next to each other and behave while your up there. Good bye for now my love til we meet again. Fly with the angels and visit from time to time. I love you 💖 My Marcos Ray 💖. Love always , Mom 💔😞😭😭
