“ Always Aunt Marian to me. I was always welcomed into her home when I traveled back to Minnesota from Texas as a kid. Always treated me as an adult long before I was one. I have many fond memories of my visits to her Minnesota home. My family visited her in New Mexico when my youngest daughter Amy was about a year old. She coined the phrase "Happy Happy!" Marian? laughed for years about that one. To you, Marian, Happy Happy forever! Thoughts and prayers to Maryann, Jim and Bud.

“ My mother is finally free of her emotional and physical pain. For this I am grateful. She lived with much emotional pain as once you were her friend, she never forgot.. Fiends for Life she carried the memories of every relationship she ever had. Being "estranged" for almost 30 years took its toll on both of us, the last words I remember hearing from her was "I still love you". Sadly, yet grateful, I will carry those words with me for the rest of my life.. Her willingness to forgive and "move forward" was beyond reproach. Even though our relationship was troubled, it in no way threatened my love for her.. She will forever live on in my heart. Thank you for all you wonderful and heartfelt condolences and memories. They as my love for her will live on forever . Although I will always live the rest of my life in guilt and pain, I know that the life she led raising two boys as a single mother Back in those days, this was rare and very seldom spoke of, but yet she succeeded.. Even though we seldom spoke, I still loved you, mom and I always will. May the lord take you in his or her arms and guide your spirit to a higher level and your new life be pain free and strengthened with the spirits guidance.

“ It is hard to think of her gone. She lived with my family several times when growing up, and we were much closer than "just cousins." Our thanks to Maryann for wonderful care these past years and our best to Jim and Vern and Maryann as they deal with this.
