“ *As I became Principal of Central Elementary in January of 2015, I'll never forget Mary helping me move some items into my new office. She didn't hesitate to hop in the back of my pickup truck and move my refrigerator into my office. She was someone you could count on to get the job done and help out with whatever was needed in filling in as a custodian. RIP Mary and thank you for being that smiling and caring person who helped me out on first day as Principal.*
