“ Faye was a very kind, loving, compassionate, strong and independent woman. She was an excellent cook. She loved to serve others and had a very beautiful heart of gold. She loved flowers and had a very giving soul and a wonderful sense of humor. She was such a joy to visit and spend time with. She was such a beautiful and loving Mom and grandmother. She loved all her children and all of us who came into her life. I was so very blessed to be her neighbor next door and will truly miss her. I am so very thankful for the visits with her.

Lee and Patrick and family, I am so very sorry for the loss of your very dear and beautiful Mom and Grandmother. My thoughts and prayers are with you.

“ *We hadn't seen Mei at the pool since COVID, but we have been and will continue to miss her. She was such a light to our morning here at the pool. Her and I had such interesting talks and I miss them. Our condolences to her family who she spoke of often.  
Farewell my beautiful Mei. You will remain in our hearts.*
