“ I can't believe you're gone...I refuse to believe that. Remember when I was little and you said that when someone dies you don't say goodbye, you say "Until next time pal" well that's what I am saying to you now. Words cannot express how much you ment to me. You always made me laugh Bud... You taught me how to ride a bike. You would always make fun of Tyler and I because he would call me an angel and I would calll him Tiger. You helped me out in a pretty hard time in my life. You were the shoulder I cried on and even though I might have been just another foster kid you were amazing. I would never forget how we would play Wii in the living room and watch jerrastic park in Tyler's world while it was raining. You are a big part of my child hood and I miss you dearly. You were my super hero on earth now you're my angel up in Heaven. On my first day of Kindergarten you told me I will make it far in life if I walk the line. I didn't know what that ment at the time but now I know and I will keep that promise to you. I love you Buddy...Rest easy. Until next time Pal
