

## Patrick Victor Roha

July 18, 1964 - January 4, 2021

1964 -2021

Patrick Victor Roha, age 56, a resident of Belen, NM, passed away on January 4, 2021. He was a one-armed pool champion and Dallas Cowboy lover. Patrick had a substantial impact on all who met him and those that were gifted with the opportunity to love him and be loved by him. He would “lend a hand” to anyone that needed it. Patrick always had “an open arm” for his loved ones and he had the ability to make anyone smile and laugh, which was a talent he perfected. He was a proud father, grandfather, son, brother, friend, and loved one to many. Patrick was a man with the biggest heart and of the fewest words. We will forever be blessed by the love he filled us with and we will forever long for his presence. He is preceded in death by his father, Robert Roha; brother, Rodney Roha; his best friend, Tommy, and many friends he considered family. Patrick is survived by his mother, Sally Roha; his children, Michael, Thomas, Danielle, and Sierra Roha; his grandchildren, Mitchell, Arielle, Maxx and Lilo Roha; his brothers, Robert, Kelly, and Garret Roha; his sister, Shari Roha; many nieces and nephews, friends he considered family and his two golden retrievers, Bear & Freddy. Due to COVID 19, a private celebration of his life will be held. Please contact Thomas or Sierra Roha for further information. “ We had a great time going through high school together and TVI after that. We didn't get into too much trouble. If his children would like some info or stories they can email me at [darrenvw@outlook.com](mailto:darrenvw@outlook.com). I only remember Mikey from back then.

“ Thanks Dad for providing your children with the guidance and caring love you bestowed within all of us. Although I wasn't your biological son, you accepted me as one of yours. I know we had our differences, but that is what makes us unique individuals with a distinct personality. I ❤️ you Dad. Until we meet again! Cheers... This one's for you... Shared with the odd1, your son, Mikey Mike
