

Phillip Larry Boucher

February 26, 1945 - February 22, 2020

1945-2020

Phillip “Larry” Boucher was born July 26, 1945, in Albuquerque, in the era of WWII. While on a naval destroyer, his father, Terry, received news of Larry’s birth. Larry grew up in Belen, and graduated from Belen High School at the young age of 16. He attended Carnegie Tech, now Carnegie Mellon, and eventually transferred to the NM School of Mines in Socorro, where he received his Bachelor of Science degree in physics. He later earned a master degree in physics and electrical engineering. Larry worked for Global Star at Johnson Space Center in New Mexico, where he was involved with the satellite program. He later moved to San Jose, Calif., to work for Lockheed Martin’s global communication department, traveling to Europe, Africa and Central and South America to install ground satellite communications. While at Carnegie Tech, Larry became a piper in the Kiltie Band, playing the bagpipes throughout his life. His many hobbies included spelunking, mountain climbing and collecting Native American pottery, which he later donated to New Mexico State University. An avid hot air balloonist, Larry was one of the earliest pilots to fly in the Albuquerque International Balloon Fiesta, and taught pilot balloon safety classes nationally. He ultimately owned and flew nine balloons. Not just a pilot, Larry also crewed internationally for the beloved Darth Vader balloon. Larry served in the U.S. Army as a chaplain’s assistant SP5 in Vietnam. While enlisted, he received the National Defense Service

Medal, the Bronze Star Medal, Vietnam Campaign Medal with 60 Devices, and the Vietnam Service Medal with two Bronze Service Stars. Larry was also a member of the Masonic Lodge, Scottish Rite of Free Masonry and the Albuquerque Aerostat Ascension Association. After a valiant fight with Parkinson's Disease brought on by Agent Orange exposure while in Vietnam, Larry passed away at 6 p.m. on Feb. 22, 2020, while residing at the Beehive Assisted Living Village in Albuquerque.

Larry is preceded in death by his daughter, Dawna Leigh Boucher; his wife, Marijean Boucher; and his father, Mayo Terry Boucher. He is survived by his mother, Mary Catherine Lake Boucher, of Belen; his sister, Terri Sue Vrabel (Charles); niece, Kim Wickens (Mike); nephew, Robert Boucher; great-nephew, Connor Wickens; stepson, Jeff Balding; stepdaughter, Patty D'Amore (Marc); sister-in-law, Barbara Carmack; aunt, Eleanor Love; and many nieces, nephews and cousins.

A Viewing will be held at 9 a.m., Thursday, Feb. 27, at the First Baptist Church in Belen, followed by a Celebration of Life at 10 a.m. Interment will follow at Terrace Grove Cemetery in Belen.

Pallbearers are Robert Boucher, Charles Vrabel, Mike Wickens, Connor Wickens, Dave Wallerstedt, David Lake, Robert Lake and John Love.

The family sincerely thanks Larry's many friends and relatives for their love and friendship. A special thanks to the staff at Beehive Village for their outstanding care during Larry's last years. Special recognition to Chris, Carlos and Chef Brenda for their exceptional attention to Larry, allowing him to face this tragic disease with dignity. “ *My sincerest condolences on Larry's passing. I met Larry for the first time in 1990 when I was invited to crew for he and Bob Hammel at the Albuquerque International Balloon Fiesta. A window was opened to many adventures and hours of bonding in conversation and shared interests. Trips during Fiesta's 9 days to wonderful places and sights and tapping into Larry's knowledge of Native American pottery, his love of playing his bagpipes (La Cucaracha will be indelibly imprinted in my brain as played by Larry on his bagpipes). So many memories, it would take a while to write them all down. Rest in peace my friend. You will be missed here, but welcomed with loving arms by your beloved Marjjean and Dawna. "Larry Alert" ladies.*

“ Larry was a legendary hot air balloon pilot in the Mesilla Valley. My husband and I crewed for him with his "Old Yeller" balloon. Larry helped us get on the crew for Darth Vader and Yoda special shape balloons, which has been a great adventure and many good times for us. We with think of him often and always when we see a balloon in the sky.

We are very sorry for your loss of Larry, we send our condolences to all friends and family. He was a gentle person and a good friend to many.

“ Larry has given me memories that I carry through my life. We had most of our memories when I was young. As We both moved away and went our separate ways. While we were young, we did many things:

..swimming

..tattoni fights

..sleeping in the orchard in grandpa's tent

..hobo birthday party and got to go into a caboose

..caught crawfish (crawdads)

..sling shot wars (wonder that we made it through our childhood alive.

Just to name a few.

Larry was very smart, always better grades than me. To me he seemed to be working on the forefront of technology.

Larry has gone on to be with Jesus and leaves us with wonderful memories.

My prayers are that the Lord will cover all of you with his Peace, Love and Strength to get through the days ahead.

“ The Knudson, Wilson, and Fjelseth families are so proud of our cousin Larry. He was an honorable and caring man throughout his life, and even during the months that ended in his life. My latest memory is of Larry at BeeHive Homes organizing, calming, and leading the patients in their daily lives. My husband & I witnessed Larry's loving interactions with others, when we were visiting my brother-in-law. May God bless his mom and family. Skeeter & Don Fjelseth

I have fantastically fond memories of years of crewing for American Flyer and Bear Claw around the state and am so grateful to Larry (and his good buddy and co-pilot, Bob) for giving me those opportunities; I especially cherish the memory of Larry playing his bagpipes at Malcom's funeral - that was such a generous gift to both Malcom and me! I have Larry and his crew to thank for my decision to move to New Mexico from Boston almost 30 years ago - a life-changing and uplifting decision (literally and figuratively). Sometimes people walk into your life and leave footprints on your heart . . . Larry was one of those people for me. - Elsa Glassman

“ I met Larry in 1969 at New Mexico Tech in Socorro. While at the school he shared his interest in music and presented me with a small gift from his leather-crafts. Time separated my family from Larry but we met up again in Las Cruces when he landed a job at the Test Facility where my then husband worked. Our friendship continued and included his new bride, Mary Jean. Time again separated the two families but we kept in touch over the years. After he moved back to NM, I visited with Larry every time he came to Albuquerque for the Balloon Fiesta. We went to the Indian Market in Santa Fe so he could contact a pottery dealer for some of his collection. I lost contact with him as Parkinson's impacted his life. His mother, Mary, was instrumental in connecting me to Larry at Beehive, where I visited him. I will remember how he would walk me to the door when it was time for me to leave. Good bye Larry.
