“ *Tata, you were an amazing man who did so much for your family. Growing up I could always find you working on projects in your shop, fixing cars, or tending to your garden. It was inspiring to see your skills in so many trades. Thank you for filling my childhood with so many wonderful memories from playing in sand piles, bottle feeding cows, and raising a little lamb. If it weren't for you, I probably wouldn't be able to understand or speak Spanish at all. I will miss you dearly, especially your conversations and stories at family gatherings. Our hearts are heavy now that you've left us, but we know you're happy and reunited with Nana Bea. You'll always be in our hearts.*

“ I remember in my younger years when I was still living at home. You were out in your shop and I was inside the house. You were calling me to the shop. I ran all the way to the shop. You asked me "What would you be doing if I hadn't called you". You thought it was so funny. I sometimes play this trick to others.
