“ A few of us were lucky to work with Theresa at the AFWL while employed with Control Data Corporation. She brought a daily bright light and cheery personality to our workplace. A special treat for me were those lunch breaks at the tennis courts where we had great fun refining our tennis strokes. I hope to see her again and again at the big court in the sky.

My prayers are that you receive the strength and love to overcome your loss. Life will not be the same but you must endure. I remember our Class Reunion when I think that your courtship began. I wanted to call you but could not find your number.
