Used to work along side of wayne back in 1979 for a couple of years. Bosque auto and glass...Bob Smith was the glass part and I was his helper and was fortunate to see and talk to Wayne on a daily basis for a couple of years...40 years later and I can still see that smile he seemed to always have...even with customers that were sometimes a little rude Wayne would smile and explain what the problem was and how he would take care of it. If I live for another 40 years I will always remember him. God Bless my friend...you will never be forgotten.
